

INTERPUMP TX 12-100

Mobile coldwater pressure washer for professional and industrial use.

This tried and tested washer is ideal for anyone requiring a robust and reliable cold water pressure cleaner. It will remove traffic film, mud, dirt and oil from most surfaces. It plugs in to any normal 240 volt, 3 pin, 13amp socket and is equipped with the most powerful motor that will run on a single phase supply. It has a built-in chemical tank and injector for applying soap. It is the ideal machine for cleaning trucks, cars, industrial equipment, animal pens and driveways. Suitable for use by farmers, lorry firms and professional car valeters.

Features

- Impact resistant chassis for long durability.
- Heavy-duty three-piston pump with brass pump-head, ceramic pistons and stainless steel valves.
- Slow-running and air-cooled electric motor – runs at only 1400 revs per minute.
- Infinitely variable pressure control via unloader-valve.
- Built in chemical tank and low-pressure injector
- 12 months warranty.

Technical Data

- Water flow 330 – 720litres per hour.
- Maximum working pressure 100bar (1450 psi)
- Maximum inlet water temperature. 60°C
