

Kärcher MC 50 Municipal Sweeper

The MC 50 is a highly economical, manoeuvrable and effective sweeper, which can be converted in minutes into a mower or snow plough and gritter. As the world leader in cleaning machine research and development, Kärcher has produced a thoroughly modern sweeper that is intuitive to operate, cost efficient to run and offers true versatility. By partnering with market leaders in grass care and winter services, this versatility comes without compromise to quality or performance – whatever the environment or season. The MC 50 is fully configurable with a host of optional extras to perfectly suit the demands of individual businesses and councils.

The vacuum system is designed to reduce fuel and water consumption as well as exhaust emissions and operating noise.

Air conditioning

- The MC 50 Advanced Comfort offers maximum working comfort in hot environments.

Specifications

Technical data

Drive – power (kW/hp)	19.2 / 26
Max. area performance (m ² /h)	14000
Working width (mm)	1400
Max. working width with third side brush (mm)	2000
Sweeping width variable (mm)	1100 / 1400
Waste container (l)	500
Load capacity (kg)	400
Water tank (l)	165
Hill climbing ability (%)	25
Travel speed (km/h)	20
Turning circle (m)	0.75
Hydraulic container lift (m)	1.45
Operating hours on one tankful	13
Weight (kg)	1110
Dimensions (L x W x H) (mm)	2960 x 1090 x 1970

Equipment

- Central lubrication
- Operating hour meter for sweeping mechanism
- Extra comfort seat
- Air conditioning
- Heater
- Vacuum
- Adjustable side brush speed
- Travel drive - forward
- Traction drive, hydrostatic
- Bulk waste flap
- Hydraulic container lift
- Waste container, 500 l
- Panorama cab with safety glass, 2 rear-view mirrors
- Rotating warning beacon
- Water spraying system suppresses dust around side brushes and in intake duct
- Doors left / right
- 4-wheel chassis, Ergonomic power steering
- Water tank, 165 l
- Water tank, 165 l
- Side brush rotation reversal
- All-season-use

- Outdoor applications
